Gender: Female

Description: I have a beautiful purple albino reticulated python that needs a new and happy home. This snake escaped from her enclosure months ago before I moved into my new house, and just reappeared! The problem is, the previous owner has moved out of state and ghosted me when I tried to offer to ship her to him. I am taking care of her as best I can, but can't keep her! Price is negotiable, but I'm trying to make the money back that I've spent on her. I have no idea how old she is, and I THINK she is female.
