The puppies were born on 2/20/2019. No health issues with this excellent line of German shepherds with AKC Papers. The puppies are very intelligent, loyal, with excellent temperament along with they all are truly beautiful puppies that any German shepherd dog lover will fall in love with once you see these puppies. These puppies are great with a family along with they will be loyal and protective of you and your property. You will have fun playing with these very active puppies especially with their high drive but will adjust to being alone for training because German puppies learn quickly. Puppies can be pre-sold with a \$100.00 cash or credit card deposit. The puppies will be ready for pick up on 4/12/2019, after their first shots and medical exam. All puppies will also have their AKC registration papers for puppy Litters when you pay your final price for your puppy pick up. Pictures of Litter along with Mom and Dad
