Description: Shiba Inu puppy. Very love-able, but shy. I haven't had him very long and love him to death, but when I move to college I won't be able to give him the love and care he'll need. It also might be difficult to afford him+ school+ living alone. He doesn't bite, very kind dog, doesn't pee in the house! He also is very quiet, he will do little barks here and there, but that's really it. Has all his puppy shots up to date and is well fed. Contact me for more info!
