Description: 8-month-old full breed miniature Schnauzer that's fully house trained and crate trained. Loves to play catch, run around and play or just lay in your lap. He is fully up to date on all shots and is AKC registered. Very intelligent dog that responds to his name when called. I do not have the time with my work schedule to dedicate that he truly deserves. Please help me find him a new family that he can love and play with
