Common

Title: Female komondor 6 months old
Breed: Komondor
Age: 6 Month(s)
Gender: Female
Price: \$ 900
Description: Akc registered female komondor 6 months old all shots and microchipped and basic training

Libby was training to be my service dog but due to her IBS she can only be in a home as a pet.

Her Irritable bowel syndrome is only an issue when she is not on her regular diet and she is under stressful conditions such as service dog training She is sweet, playful, loving around kids and other animals. She has been around other dogs big and small, cats chickens rabbits turtles and birds. She would be happiest on a farm running and playing. This absolutely breaks my heart.

Only serious people about wanting her message me. I paid 1400.00 with 300.00 delivery

She has full AKC registration and breeding rights Her food is natural balance venison or duck and sweet potato

Thank you for your time
