Description: We have a sweet little teddy bear puppy for sale. He has a white and cream coat. He has all of his shots, is potty trained, and has all of his papers. He is a registered pup with a family history that includes both pictures of his parents in his paperwork. He is extremely friendly, doesn't bark, is hypoallergenic and loves belly rubs. Unfortunately my wife and I are moving and cannot take him with us. We are hoping to find him a loving home before we move and are willing to negotiate.
