Description: Meet Daphne. She is a 4 month old CFA registered doll face silver shaded Persian kitten. She is a very affectionate kitten, enjoying sitting in your lap having her tummy rubbed or sitting at your feet. She thrives on the company of other cats and kittens as well as people. She purrs the minute you pick her up or simply when you are near her. Daphne is curious and will likely follow you where ever you may roam. She loves to play with string and feather toys. Doll faced Persian cats tend to have fewer sinus issues than their smooshy faced counterparts.

Daphne is up to date on her vaccinations and is dewormed. She is PKD, FeLIV/FIV negative. Daphne is available for a re-homing fee as a pet to an approved home under a spay/neuter agreement.
